

Huron River Chain of Lakes

2019 Update Meeting

website.©<http://www.zukeylaketavern.com/>

What: Join our new Lakes Manager, Paul Hausler, from Progressive AE and the Washtenaw County Water Resources Team for an educational update about the Huron River Chain of Lakes. The update will include information on the 2019 aquatic invasive species activity, herbicide treatments and harvesting.

Who: Anyone who is affected by the Huron River Chain of Lakes **Special Assessment District**, and those who enjoy spending time on the lakes.

Where: Hamburg Township Hall, 10405 Merrill Rd. Hamburg, MI 48139, on June 17, 2019 from 7pm – 9pm.

Contact: Lauren Koloski at koloskil@washtenaw.org or 734-222-6865 for questions and additional information.

Why: This update informs residents on the health of the Huron River Chain of Lakes, a recreational resource used frequently throughout the year. A portion of the meeting will be dedicated for residents to ask Progressive AE and Washtenaw County questions.

***If you are unable to attend, the meeting will be recorded and posted to Hamburg Township's website**
