### §3.15 - RULES FOR INTERPRETATION

The following rules of interpretation shall apply if uncertainty exists concerning the exact boundary of zoning districts in the Official Zoning Map.

- (A) **Centerline:** A boundary indicated as approximately following the centerline of a street shall be construed as following the centerline of the street right-of-way.
- (B) **Lot or Parcel Boundary:** A boundary indicated as approximately following a lot or parcel line shall be construed as following the lot or parcel line.

- (C) **Corporate Boundary:** A boundary indicated as approximately following the corporate boundary line of a city, village, or township shall be construed as following that corporate boundary line.
- (D) **Waterbody:** A boundary indicated as approximately following a shoreline shall be construed as following the ordinary high-water mark of that waterbody and, in the event of change in a shoreline, shall be construed as following the actual shoreline.
- (E) **Parallel or Extension:** A boundary indicated as approximately parallel to or an extension of feature above shall be construed as being parallel to or an extension of the feature.
- (F) **Distance:** A distance not specifically identified on the Official Zoning Map shall be determined by the scale of the map.

### §3.20 - ZONING OF VACATED & FILLED AREAS

---

- (A) **Vacated Areas:** Whenever any street, alley, or other public way is vacated, the lands within the area being vacated shall automatically be placed in the zoning district of the lot to which the vacated area is attached.
- (B) **Filled Areas:** Whenever fill is placed in a waterbody, the new lands shall automatically be placed in the same zoning district of the lot to which the filled area is attached or the adjacent lot, if it is not attached to an existing lot.

### §3.25 - ZONING OF PLANNED UNIT DEVELOPMENTS

---

- (A) **Not Zoning Map Amendment:** Approval of a planned unit development shall not be considered an amendment of the Official Zoning Map because the Commercial Planned Unit Development (CPUD) and Open Space Community (OSC) Overlay Districts have been established in this Ordinance and on the Official Zoning Map as overlay districts.
- (B) **Official Map:** The Official Zoning Map shall automatically be updated to identify the boundaries of an approved planned unit development, including commercial planned unit developments and open space communities.
